

EER To Schema

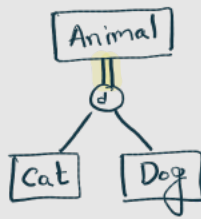

① Disjoint

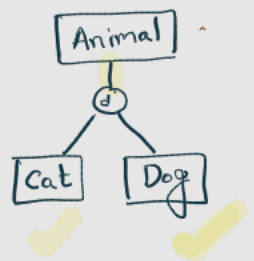

② Overlapping

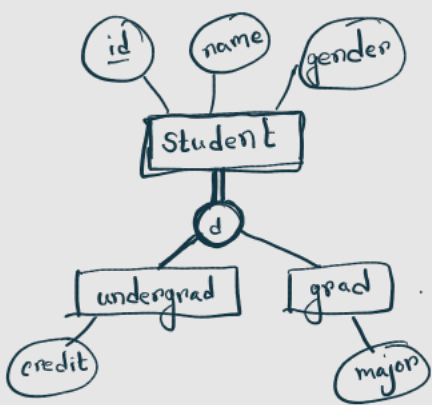

③ Total

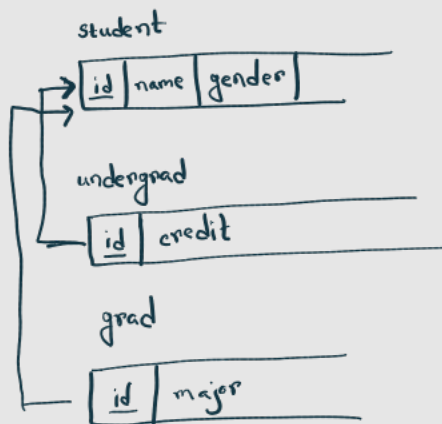

④ Partial

Convert this EER to schema

A:

* সবুজের জন্য আলাদা Table

B: Question এ যদি join করতে না করে

undergrad (id, name, gender, credit)
grad (id, name, gender, credit)

* Partial এর জন্য কাজ করে না

* শুধু subclass এর Table/schema হবে

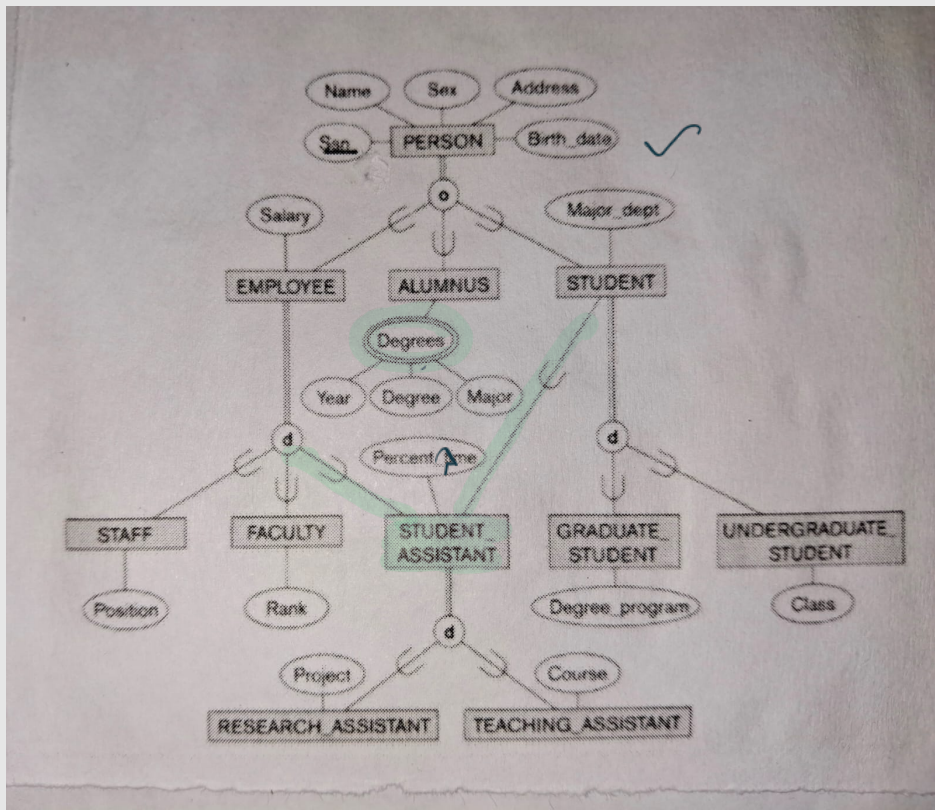

C: Question এ বলা ঠিক Table করতে

student (id, name, gender, type, credit, major)

* Overlap দেখানো যাবে না

D: Question এ বলা ঠিক Table করতে + Overlap

student (id, name, gender, ugrad, grad, credit, major)

* For employee use
1 table

Person(ssn, name, address)

Employee(ssn, e-type, position, rank, sA-type, project, course)

Alumnus(ssn)

Alumnus-degree(ssn, year, degree, major)

student(ssn, major, type, Degree-p, class)
